BANTAY BATA 163'S CHILDREN VILLAGE RENOVATION

Bantay Bata 163's Children's Village, which reopened in 2018 after four years of construction, serves as a shelter for the abused and homeless children. It is Bantay Bata's way to make these unfortunate children see that there is hope and a better future ahead. AllHome took part on this new chapter for Bantay Bata by donating AllHome gift certificates and materials for the renovation of the shelter. At present, Bantay Bata continues its project to house abused and homeless children.
